

# From the Pen of

To Our Prince Hall Family

Greetings,

We are all fully aware of the world situation surrounding us as we deal with the Coronavirus Pandemic. Many of us are in the group most susceptible to the disease. It is I, who found myself in Washington state three weeks due to a family emergency. Presently, I join all who recommend that you shelter in-place if at all possible to prevent spreading or of coming in contact with anyone with COVID-19. It is my desire that all remain healthy.

Just a reminder to all members of the Prince Hall Family, in view of the national and state declarations, and because of what we stand for, why not consider using the link to Honey Baked Ham as a way to offer assistance to your family, your friends or neighbor who might be laid off, and of course for yourself during this time.

We still have to eat, and Easter is just around the corner, a time when many families get together. Depending on the situation at that time, we may still be under the vices and restrictions of COVID-19. It's the ideal time to purchase your entire meal from the Honey Baked Ham Store online and help us in the process using the link above. You may purchase online from the comfort of your home: gift and e-gift cards, shop online, pay with the gift cards and have your food delivered to you or anyone else; even if there's no Honey Baked Ham Store near you. They have a variety of meats, sides, desserts, soup mixes, jellies etc.! The Scholarship Fund (GCGC) profits from your purchase and you get full value of your gift. Great last-minute gifts as well! I highly recommend the beef pot roast and EVERYTHING else they have. You will be pleasantly surprised if you haven't shopped there before!

At this time there are no plans to cancel the General Conference of Grand Courts HOJ. I was in contact with GCGMWJ Darby and the conference coordinators and they with the host jurisdiction. According to our Constitution, the Heroines do not make decisions for the conference. Should such a decision be forthcoming you will be notified on the web site, in your email or by postal mail.

Many prayers for all of the Prince Hall Family to stay safe and healthy.

In the Bond of the Scarlet Cord,

*Jackie Levingston*
